### WINTER STORAGE

(Generally, November to end March):

Old Boathouse (Optimists) Available as part of winter training program only. Cost is included in the training fee.

Cruisers/Keelboats on Hard Standing Unsecured & jetty for season €400

For dinghies, indoor winter storage is available upstairs over the new boathouse, SODs €120, Mirrors €60 Others on application.

#### USAGE AND CHARGES FOR ELECTRICITY

Non-metered boats/caravans etc. may use plug-in cables, but only after application and payment of the required charge, which has been set at €70.00 (not including the Annual Regatta). An adhesive receipt will be issued which must be attached to the cable. The power supply is limited and as a result, for example: bar heaters, should not be used. An occasional non-metered electricity charge of €5 per weekend applies. Electricity supplied by meter will be charged at the rate charged to the club by its electricity provider. A minimum charge of €50.00 must be paid with application. The club's and user's own meters will be read to avoid error.
